

It Ain't The Gun

Herman Brood

She came home drunk and dirty - she'd been cruising - in the park

She came home - waisted - she'd been cruising - like a shark

She came home - loaded - had been cruising - in the dark

I know by now - she'd been screwing in the back of his car

I grabbed my pistol - I'm the boss - and somehow - I had to show it

She blew my mind as she whispered in my ear - it ain't the gun, darling

It's the way you blow it.

The dustin' crack - come out & fight - the smell of hell - the shootin kind

She came home drunk with a truckload of lust-I've seen it all-through my own eyes

The stink of London - subway-heat - Kenthouse-game - play for keeps

She's been cruising, I can tell by the smell, I've seen it all-through my own eyes

I grabbed my pistol - I'm the boss - and somehow - I had to prove it

She blew my mind as she whispered in my ear - it ain't the gun, darling

It's the way you - blow it.

(I've seen it all - through my - own eyes (4 X)

I grabbed my pistol - I'm the boss - and somehow - I had to show it

She blew my mind as she whispered in my ear - it ain't the gun, darling

It ain't the gun, darling

I grabbed my pistol - I'm the boss - and somehow - I had to prove it

She blew my mind as she whispered in my ear -it ain't the gun, darling

It's the way you - blow it.
