

# When I Get Home

Herman Brood

When I get home  
Im gonna sit on my bed  
When I get home  
The feed back in my head  
When I get home  
I wont answer the phone

But right now, right now, right now Im here on the road.

When I get home  
Im gonna touch your hair  
When I get home  
Im gonna touch you there  
When I get home  
Ill be on top of you

But right now, right now, right now Im here on my own.

When I get home  
I knew it aint no sceen  
When I get home  
You knew I take of my skin  
When I get home  
I dance around in my doors

But right now, right now, right now Im cruisin alone.

When I get home  
Im gonna see my girls  
When I get home  
Im gonna buy them a toy  
When I get home  
There gonna jump with joy

But right now, right now, right now Im flying alone.
