Got A Feeling

Herman's Hermits

Got a feelin' about you Got a feelin' that won't quit, baby Got a feelin' about you Somethin' sayin' this is it, baby Just hear my heart double beat And it scares me too I walk down the street Every face is you Yes, it's you

Got a feelin' I'm fallin' Got a feelin' I'm too far gone now Got me reelin' and callin' Listen baby, we must go on now I'll stick with you I'll stick like glue until you Got a feelin' all about me too

Got a feelin' I'm fallin' Got a feelin' I'm too far gone now Got me reelin' and callin' Listen baby, we must go on now I'll stick with you I'll stick like glue until you Got a feelin' all about me too

Got a feelin' all about me too Got a feelin' all about me too
