

Something Is Happening

Herman's Hermits

Something is happening,
And it started happening,
When you walked by.
Something is happening,
And it's changing everything
Do you know why?
As soon as you started to kiss me
Something new suddenly hit me
Love walked over, it's always happening
The same sort of things to others too.
Something is happening to me
And I only hope the same thing is happening to you

Something is happening
Exiting the world you're in
You must know why.
Something is happening
I can't think of anything
But you and I.
What begins, these happy notions
You do think, to my emotions
I can tell what ever is happening
There's nothing about it I can do.
Something is happening to me
And I only hope the same thing is happening to you

As soon as you started to kiss me
Something new suddenly hit me
Love walked over, it's always happening
The same sort of things to others too.
Something is happening to me
And I only hope the same thing is happening to you

What begins, these happy notions
You do think, to my emotions
I can tell what ever is happening
There's nothing about it I can do.
Something is happening to me
And I only hope the same thing is happening to you
