

# Where Were You When I Needed You

Herman's Hermits

Don't bother crying  
Don't bother calling  
It's all over now  
There's no use in stalling  
The love I once felt  
I don't feel anymore for you  
This time I'll even open the door for you  
You walked out when I was down  
Well now I'm well off  
And look, look whose comin' round

Where were you when I needed you  
Where were you when I wanted you  
Where were you when I need you  
Where

You're looking good  
It's hard to fight it  
But no use explain'  
I've already decided  
That goin' with you  
Is worse than without you  
I won't spend a lifetime  
Worryin' about you  
When things got bad  
You disappeared  
But I'm back on my feet  
And look, look whose standin' there

Where were you when I needed you  
Where were you when I wanted you  
Where were you when I needed you  
Where

You were so young  
And you were so wild  
I knew you were nobody's innocent child  
That first day I saw you  
You really got to me  
I thought I could change you  
What could you do to me  
When times got rough  
Ah, you wouldn't wait  
Well now you're trippin' back  
And babe, babe it's too late

Where were you when I needed you  
Where were you when I wanted you  
Where were you when I needed you  
Where
