

Where Were You When I Needed You

Herman's Hermits

Don't bother crying
Don't bother calling
It's all over now
There's no use in stalling
The love I once felt
I don't feel anymore for you
This time I'll even open the door for you
You walked out when I was down
Well now I'm well off
And look, look whose comin' round

Where were you when I needed you
Where were you when I wanted you
Where were you when I need you
Where

You're looking good
It's hard to fight it
But no use explain'
I've already decided
That goin' with you
Is worse than without you
I won't spend a lifetime
Worryin' about you
When things got bad
You disappeared
But I'm back on my feet
And look, look whose standin' there

Where were you when I needed you
Where were you when I wanted you
Where were you when I needed you
Where

You were so young
And you were so wild
I knew you were nobody's innocent child
That first day I saw you
You really got to me
I thought I could change you
What could you do to me
When times got rough
Ah, you wouldn't wait
Well now you're trippin' back
And babe, babe it's too late

Where were you when I needed you
Where were you when I wanted you
Where were you when I needed you
Where
