

Here is the framework of a world
A great construction made by faith
By human brains, machines and sweat
Here is the shining perfection

CHAOS ! CHAOS ! CHAOSTRUCTURE ! CHAOSTRUCTURE !

Black rain to darken
Structures in whirlwinds
Black hole to swallow
Annihilation

CHAOSTRUCTURE !

An operation
From re-construction
To de-construction
Chaostructure's built

An operation
From re-construction
To de-construction
Chaostructure's built

This is the cycle of a world
A great construction made by men
By Grand Architects, superminds
These is the signs of the decline

Black rain to darken
Structures in whirlwinds
Black hole to swallow
Annihilation

From human constructions
Chaostructure's work
To annihilation

Black rain to darken
Structures in whirlwinds
Black hole to swallow
Chaostructure's built
