

# Fever Dream

Hexx

Darkest eyes hypnotise  
The air smells of warning  
With fiery light in the sky

Blackest night, evil eye  
Many have fallen  
To the strange ways of the night

Fever Dream  
Fight in the Kingdom of Shadows  
Fever Dream  
Trapped in a nightmare  
You can't wake up 'cause it's real

Torment and anger, waves of searing pain  
Having to shut out the screams of the insane  
All is denied to the wicked and the deranged.
