

# Out For Control

Hexx

Everyday is another war  
Blazing outside your door  
Will this madness ever end  
To the death, to the death you must defend

Out, Out for Control  
Leaders of earth are out for control

Thrashing the city, the city by night  
Roaming the wastelands, ready to fight  
Armored men with an iron jaw  
Fighting to win is the nature of law

Out, Out for Control  
The human race is out of control

Run for your lives  
Duck for cover  
Don't ever turn your back  
you are under the attack
