

# Run, Don't Walk

Hey Monday

I am restless, and I keep trembling  
Everyone watch me as I descend  
Into a feeling that's overwhelming me  
I finally stopped, stopped making sense

I can't stop talking to myself, I'm a desperate cry for help

Run don't walk the sky is falling through  
Don't talk, tonight I'm so confused  
I'm lost, I'm lost with you  
I don't care where we are, or where we're heading to  
But I know I'm lost, I'm lost with you, with you

Your mouth keeps moving  
But I've lost focus now  
Clock keeps ticking, time's running out  
Where we're heading there is no heading back  
Tripping, ugly, I'm losing ground

I can't stop talking to myself, I'm a desperate cry for help

Run don't walk the sky is falling through  
Don't talk, tonight I'm so confused  
I'm lost, I'm lost with you  
I don't care where we are, or where we're heading to  
But I know I'm lost, I'm lost with you, with you

For the record, when I'm with you  
Things are looking better  
For once everything is brighter  
Than the darkness before you

Run don't walk the sky is falling through  
Don't talk, tonight I'm so confused  
I'm lost, I'm lost with you

Run don't walk the sky is falling through  
Don't talk, tonight I'm so confused  
I'm lost, I'm lost with you  
I don't care where we are, or where we're heading to  
But I know I'm lost, I'm lost with you
