

Sacrificial Lamb

Hey Violet

Find it take it
Get it while you can
Make it waste it
Sacrificial lamb
On the altar,
Crush it in your hand
Fix to break it
Sacrificial Lamb

Who? Who?
You, you.
Who? Who?
You and me too

I can be your everything
I can be your nothing, no one misery.
I can be your anything
I can be your nothing, no one misery.
You can make me history.

Tear it open
Make it what you can
Eyes that bleed through
Sacrificial Lamb.
Broken Secrets
You don't understand
Close off shut down
Sacrificial Lamb

Who? Who?
You, you.
Who? Who?
You and me too

I can be your everything
I can be your nothing, no one misery.
I can be your anything
I can be your nothing, no one misery.
You can make me history.

Tear me open let me out.
End it here and show me how.
Sacrifice what's left of me,
This is how it has to be.
