

Schizophrenic Family

Hey

I wanna tell You story now
Story about my parents' life
It's very interesting
So close your eyes
And try to imagine that
What I tell You now
My mother was a pretty girl
She was fat but had beautiful face
She's met my father in the bar
But she doesn't know
That he was abnormal
Not right on his mind
It's a schizophrenic
Schizophrenic family
And nobody knows
What it means
They get married very soon
And very soon she lost her pride
He spank her everytime
And someday she said I kill you
I have power in my fists
And that was the end
Of my mother's life
My father sit in hospital
And I'm happy with that
