

When I woke up lonely in my bed,  
it was a rainy day and my lonely days started again.  
My dear love, I saw you last night in my dream.  
You told me, while shedding tear drops.  
"I don't know why I am here, I'm leaving you."  
Is this mischief of God?  
I wanna see your smile, so long...

Such lonely days

My mom always said to me "Take good care of your love and protect her."  
Even if we separated, I'll never let go of your hand.  
Don't cry no more and hope that our dream will come true.  
I leave this song for you with all my heart, so long....

Such lonely days

To carry out our dream I lock sweet memories in my mind.  
And when the day comes, go to church with you.  
Forever we'll be this way
