

# High Speed Breakout

Hibria

Speeding up on wasted lands  
They ride across sand shades  
The gateway they will reach or aim at  
Bravely die for

Hearing thunders from the hills  
Suddenly they freeze  
A bright blinding lightning storm  
Turns night into day

Come the Journey Lightning  
The tale turns to truth  
They're now stronger

We are the lightningstorm  
Riders of fate  
High speed breakout is taking place  
We are the lightning storm  
Riders of fate  
High speed breakout to the gateway

The journey Lightning has finlly found  
The real warriors the Beasters shall join

Speeding up to join the Beasters on hill  
They are under deadly attack  
Faceless spell no longer threats the trespassers  
They can now trap them on their rear

Yeah, I feel them near  
High speed approach  
Surrounding us here  
Dig on our rear  
Trenches of ice to hold their attack

Up from the hills they see  
Behind the trenches fire  
On horsepower rage the Hoggers attack  
Exhausted Beasters yell  
Hailing the Hoggers force  
Inspiring themselves to resist

The lightning Storm  
Roughly approaches  
High speed breakout is taking place

We are the lightning storm  
Riders of fate  
High speed breakout now took its place  
We are the lightning storm  
Riders of fate  
The high speed breakout  
Took the gateway
