

Drained

Hidden in Plain View

Did you ever wish you saved
all the kisses that you gave
Wish I could give mine all to you
Did you ever wish you could know
about the dreams you once let go
Wish I could share them all with you
maybe we're just drained
I think we're just drained

I wish that I could make
you feel the way I feel today
If I could do....That to you
then it would prove
We are still the same
but maybe we're just drained
We're just drained.....

Tonight I cant fight
cause Im tongue tied
and Im choking again
This time I wont even try
cause Im tongue tied
and Im choking again
