Just keep coughing and smoke another cigarette
Dream another big dream and just live in regret
So fuck the warning signs
Cause I'm already dead inside
Dying for a feeling
So say goodbye say goodnight

I won't let you let me go
This time it's all I have
Just keep screaming
No one's listening

Now I'm dying reaching out for anything
Screaming for attention
Oh my god something's got to give
Focused in black and white
Living like the color blinds
Every sense of feeling
And reason to save my life

I won't let you let me go
This time it's all I have
Just keep screaming
No one's listening
You are all I have
This is everything
This is all I ever needed
To save my life
I'll never open my eyes again
