

Lemoned I Scream

hide

One day, I was walkin' down the streets
Looking for anything, Any surprise
Feel like a treasure game on a rainy day
Then it happened suddenly
I saw, I saw
And there it was fallin' down into my feet
Then, you know, it had something spiny head, And I was gonna to
touch it
Then I got the pain, My fingers painted in blood, but I feel so
fine.
Nobody could find out, but I knew, I saw.
I don't care. If nobody can love it, oh yeah
Because Ah hahahaha
I've got a feelin' in my hand
It's a lemon lemoned I scream !
One day, I was walkin' the street, Lookin' for the music , any s
urprise.
Then it happened suddenly
I hear, I hear
I don't care.
Everybody so Hate it, Hate it
Because Ah hahaha
I've got a sweet poison cake, gonna be high
Take me higher higher
I've got a sweeter creature song,
It's a lemon, lemon lemon & I scream
I've got a sweet broken hearted machine
But I like it, like it
Oh, what a sweet monster people
It's a lemon, lemon, lemoned I scream !
