

You best to watch yo knot if  
The styles get chaotic  
Niggaz'll plague me bubonic  
But when I move on it  
They stay free  
Feet no hands at least  
And say "Peace!"  
Cause it's lethal when released  
Defending? Please...  
Watch me slice these cheesy MC's  
With 5 ounces of milky smooth enrichment  
Each encroachment's intolerable  
I'm too committed and these flows is volatile  
Wither with other music in it and this  
Industry in a sense is lost  
And my only guidance is inner sense and energy  
Enervating  
What I'm saying will bust your innards  
Innovating  
That's why implicating us as winners  
There's no mistake, emerging sole victorious  
An urgency felt in every flow we bust  
With surgeon reminiscent precision  
Even around the contours, curves and incursions  
We gettin in visual gettin busy  
More so than Aunt Kizzy's  
More so than bout any MC that touch mics  
What that look like, what that sound like?  
I'll give you a second  
Cause ain't no description sufficient  
For how we wreckin on records I recommend  
I rack and ruin all encompassable  
With a position at our beckon and call  
Butt naked ball, I bare it to y'all  
For you to stare at  
Too bad if you can't bear it, I'm gone  
Out there
