

## You Never Knew

Hieroglyphics

You Can't Turn Me Off (in the Middle of Turning Me On)  
High Energy  
I melt, I feel so weak  
It's gettin hard to go to sleep  
With this feeling, this feeling on my mind  
It needs you baby to satisfy  
You can't turn me off  
Not in the middle of turning me on  
I can't suddenly stop  
You changed me from cold to hot  
Now I'm ready to give you all the love I've got  
Please don't leave me now  
Can't you read in my eyes  
This need I have to love, love you  
So don't tease me now  
Please, please me now  
You can't turn me off  
Not in the middle of turning me on  
I can't suddenly stop  
Each and every time we touch  
Ooh the feeling too much  
Take me to that special place  
You've gone too far to leave me so spaced baby  
So don't tease me now  
Please, please me now  
You can't turn me off  
Not in the middle of turning me on  
I can't suddenly stop  
If you love me like I love you  
Then you'll do what I want you to  
You'll come and hold me in your lovin arms  
And make my heart rush straight to the stars baby  
You won't tease me now  
You won't do nothin but please me now  
You can't turn me off  
Not in the middle of turning me on
