

## Ivy

## High Highs

Try to look the other way  
Try to look the other way  
No one will stop you  
No one will stop you

Try to look the other way  
Try to look the other way  
No one will stop you  
No one will stop you

Caught in the ivy  
I'm caught in the ivy  
Pull me in closer  
You pull me down in the snow

Caught in the ivy  
Caught in the ivy  
You pull me in closer  
You pull me down in the snow

No reason to leave  
No reason to go
