

Movement

High Highs

Freedom,
Movement,
Never waking up
When I walk home
I could live forever
I'd give you time
What's on your mind, on your mind
Let it go!

We know it's something real
I can't control,
I'm burning in your love, your love your love

All this talking its' been too much, he said
I feel the seasons
I feel the summer's end
I'd give you time
What's on your mind, on your mind to say

We know it's something real
I can't control
I'm burning in your love, your love your love

We know it's something real
I can't ignore
I'm giving in your love, your love your love
