

## Frost Hammer

High on Fire

Dream being thrown down aloft between from the icy sky  
Careful what to seek for inside the frozen mind  
Permaglaze reflects this world distant to the thawed life  
Frost clan blows the war horn without a fear or guise

Messiah of the glacial heir cold born to rise  
Sullen boots impact upon deep the tundra ice  
Glorify your greatness, sealed deal cold compromise  
Catch the sun to melt these forborne galactic eyes

Plateau of Leng  
Winter in veins Hammers arise  
To melt through the ice

Sail the seas of endless night  
Despotic warlord casts his blight  
Sons of the north abide  
Frost child of abhorrent line  
Feed the serpent, drink the wine  
Granite heart, unrepentant
