

Last Chance

High School Musical

This is our last chance
To share the stage
Before we go our separate way
High school wasn't meant to last
forever (We'll be together)
It's our last chance
For us to shine
To make some music one more time
So come on, come on, come on
(Come on, come on, come on)
Come on, come on, come on
(Come on, come on)
Let's dance....
Let's dance....
Cause this is our last chance,
It's our last chance.
