

Forever Endeavour

Highland Glory

Leaning back to hear your voice
Iâ€™m changing personality
Canâ€™t close my eyes again
Iâ€™m scared of what that I might be

Stand up to finish my job
And what they donâ€™t know
I am immortal this time

I canâ€™t believe that youâ€™ve fallen for my lie
This time Iâ€™m alive, and you wonâ€™t even sense me
You are afraid that you wonâ€™t make it through
This time Iâ€™m alive, and forever endeavour this time

Come closer now, donâ€™t be afraid
Maybe youâ€™ll see the wair inside my head
You see the demons in my eyes
Little child donâ€™t try to hide

This time, forever this time
Oh, forever endeavour this time
