

Holocauster Ride

Highland Glory

Come on down to fairground zero
Holy coward - you ain't no hero
All aboard the holocauster ride
This ain't no amusement attraction
It's your dead-end destination
Better be blessed, no God will be your guide

A one-way ticket to hell
You won't live to tell
Kamikaze carousel

Get ready to die for
Your sins of holy terror
No God can save your souls
On the holocauster ride
By suicide or sacrifice
Escape to fools paradise
No honour to die for
The promised land lie

Blind faith - the spell you're under
No will - I have no wonder
You never question why you pray with fire
Satan is your host for the evening
A warm welcome is what you're receiving
You're all invited to your funeral pyre

I'll read you fairytales
Of war alibis
From your book of lies

Get ready to die for
Your sins of holy terror
No God can save your souls
On the holocauster ride
By suicide or sacrifice
Escape to fools paradise
No honour to die for
The promised land lie

A one-way ticket to hell
You won't live to tell
Kamikaze carousel

Get ready to die for
Your sins of holy terror
No God can save your souls
On the holocauster ride
By suicide or sacrifice
Escape to fools paradise
No honour to die for
The promised land lie

No choice of hell or paradise
The promised land's a lie
There is no honour to die
On the holocauster ride
