

## Which Side Are You On

Highlord

Have u seen  
the world doesn't care of your life...  
Try to realize we're such a small part  
in the Divine-mind...  
There are so many places  
and I just want to be there...  
Just take my breath of eternity  
So many times I have tried  
to see through the dark realms of my...fantasy  
How many times have I said  
I won't fall and then stand back on...a senseless road

I am sure we have to preserve  
what we have inside...  
We have the power and we just don't know  
how to get control  
There are so many places  
and I just want to be there...  
Just take my breath of eternity  
So many times I have tried  
to see through the dark realms of my... fantasy  
How many times have I said  
I won't fall and then stand back on...a senseless road

So far but so close  
I remain here alone...  
just take my part on this eternity...
