

# Against the Wind

## Highwaymen

It seems like yesterday  
But it was long ago  
She was lovely, she was the queen of our nights  
There in the darkness, with the radio playing low

The secrets that we shared  
The mountains that we moved  
Caught like a wildfire and out of control  
There was nothin' left to burn and nothin' left to prove

And I remember what she said to me  
How she swore that it would never end  
I remember how she held me oh so tight  
Wish I didn't know now what I didn't know then

Against the wind  
We were runnin' against the wind  
We were young and strong  
But just runnin' against the wind

The years rolled slowly past  
I found myself alone  
Surrounded by strangers I thought were my friends  
I found myself further and further from my home

I guess I lost my way  
There were oh so many roads  
I was livin' to run and runnin' to live  
Never worryin' about payin' or how much I owed

Movin' eight miles a minute for months at a time  
Breakin' all the rules I could bend  
I began to find myself searchin'  
Searchin' for shelter again and again

Against the wind  
We were runnin' against the wind  
I found myself seekin' shelter against the wind

All those drifter's days are past me now  
I've got so much more to think about  
Deadlines and commitments  
What to leave in, what to leave out

Against the wind  
We were runnin' against the wind  
We found ourselves seekin' shelter against the wind  
Against the wind  
Against the wind
