

# Dignity

Hilary Duff

You got the hottest shoes (you got it)  
You got those Jimmy Choo's (you got it)  
You never get the blues, it's always all about you (we got it, we got it)

wake up late  
no time to waste  
better check that phone  
there's a club too close

[Chorus:]

Where's your, where's your, where's your dignity?  
I think you lost it in the Hollywood Hills  
Where's your, where's your, where's your dignity?  
can't buy respect, but you can pick up the bill  
pick it up, pick it up, so you got it, so you got it,  
pick it up, pick it up 'cause money makes your world go round,  
(money makes your world go round)

Always with Mr. Right (right now)  
But then you have a fight (he's out)  
Run into your friend's ex  
He's happy to be your next (she won't mind, she won't mind)

Tomorrow's papers  
comin' out  
so kiss him fast,  
watch the cameras flash

[Chorus]

You'd show up to the opening of an envelope  
Why!  
does everybody care about where you go?

It's not news when you got a new bag  
It's not news when somebody slaps you  
It's not news when you're lookin' your best  
c'mon, c'mon, c'mon, give it a rest

pick it up, pick it up, so you got it, so you got it,  
pick it up, pick it up 'cause money makes your world go round  
Where's your, Where's your, Where's your  
Money makes your world go round  
Where's your, Where's your, Where's your  
Cause money makes your world go round  
Where's your, Where's your, Where's your  
Money makes your world go round  
Where's your, Where's your, Where's your  
Cause money makes your world go round

Money makes your world go round!
