

# Hide Away

Hilary Duff

Hiding away  
Losin' the day  
As if it doesn't really matter  
Saying goodbye  
Scared to say why  
Afraid it will shatter our world  
Show me some faith now  
Trust me somehow

Why are we keepin' our secret?  
Why are we hiding ourselves away?  
Anyway we can't hide away  
I don't wanna fake it  
I wanna make you believe, what I say  
I won't let you hide away

Where do we go?  
How do we know?  
What we're ever really after?  
Sometimes it's clear  
When you are here  
Nothing can shatter our world  
I need some faith now  
To trust you somehow

Why are we keepin' our secret?  
Why are we hiding ourselves away?  
Anyway we can't hide away  
I don't wanna fake it  
I wanna make you believe what I say  
I won't let you hide away

Maybe I, maybe I, maybe I'm losin'  
Maybe I, maybe I, maybe I'm okay  
Turn around, look around, go around in circles  
Don't run away, drift away, don't hide away

Why are we keepin' our secret?  
Why are we hiding ourselves away?  
Anyway we can't hide away  
I don't wanna fake it  
I wanna make you believe what I say  
What I say?  
Believe what I said  
I won't let you hide away, hide away

Hiding away  
Losin' the day  
As if it doesn't really matter
