

# Who's That Girl?

Hilary Duff

There were places we would go at midnight  
There were secrets that nobody else would know  
There's a reason but I don't know why  
I don't know why  
I don't know why  
I thought they all belonged to me

Who's that girl?  
Where's she from?  
No she can't be the one  
That you want  
That has stolen my world  
It's not real, it's not right  
It's my day, it's my night  
By the way  
Who's that girl living my life?  
Oh no, living my life

Seems like everything's the same around me  
Then I look again and everything has changed  
I'm not dreaming so I don't know why  
I don't know why  
I don't know why  
She's everywhere I wanna be

Who's that girl?  
Where's she from?  
No she can't be the one  
That you want  
That has stolen my world  
It's not real, it's not right  
It's my day, it's my night  
By the way  
Who's that girl living my life?

I'm the one who made you laugh  
Who made you feel  
And made you sad  
I'm not sorry  
For what we did  
For who we were  
I'm not sorry  
I'm not her

Who's that girl?  
Where's she from?  
No she can't be the one  
That you want  
That has stolen my world  
It's not real, it's not right  
It's my day, it's my night  
By the way  
Who's that girl living my life?  
Oh no, living my life
