## Workin' It Out

**Hilary Duff** 

Some days I start off draggin' my feet Some days I want to fly Some days it all makes sense to me Some days I just don't want to know why [CHORUS:] Hey, hey- I'm not giving up, no Gonna stand up and shout it Oh oh oh no way im not slackin off or backing out or cracking u p with doubt I'm workin' it out out I'm workin' it out Sometimes I'm just surrounded by friends Sometimes we've never met Sometimes I pray for something I need But hey, you never know what you're gonna get and [CHORUS] [Spoken:] It's hard enough to be what you are Harder to be what you're not It's hard to know what you need to get Harder to know what you've got [CHORUS 2x]
