

Fall

Hillsong United

I love to worship You, my God
I love to worship You, my Lord
And see Your Spirit fall in power
Your love unfolding gifts from heaven

I love to worship You, my God
I love to worship You, my Lord
And feel Your precious breath of heaven
Your all consuming love

Holy Spirit come in power change my heart
I want to live for You, my God
Let Your Spirit come in power change my life
That I may live for You my Lord
Fall on us Lord

So I yearn for You
Long to see You move
Lord, I lift my hands
Before my King and pray
