

# Father

Hillsong United

To bring this world to life  
To heal this heart of mine  
Your grace enough  
Your grace enough

To mend this world in need  
To break the chains in me  
Your grace enough  
Now this means love

The weight of all our sin upon His shoulders  
That we should all be called  
Your sons and daughters

Father  
Let heaven and earth collide  
In the endless wonder  
Of Your love upon the cross  
We will follow  
And offer this life forever  
To see Your love unfold

Adopted as Your own  
Alive to make You known  
Now this means love  
This means love

Father  
Let heaven and earth collide  
In the endless wonder  
Of Your love upon the cross  
We will follow  
And offer this life forever  
To see Your love unfold

For the lost and for the broken  
For the slave and for the orphan  
For everyone to realize Your love

From the famous to the faceless  
From the beggar to the king  
For everyone to realize Your love

You restore the broken hearted  
You bring freedom to the captive  
For one and all  
Forever this means love

All Your children come together  
All Your sons and all Your daughters  
Your grace enough  
Forever this means love  
Singing

Father  
Let heaven and earth collide  
In the endless wonder

Of Your love upon the cross  
We will follow  
And offer this life forever  
To see Your love unfold
