

## I Live For You

Hillsong United

The day I found you  
You made my world brand new  
You colored it with love

Changed my direction  
Now I'm heaven bound  
I'm running to you

Once lost but now  
I'm found in you  
Once shipwrecked  
Now I brave open seas  
I live for you  
I live for you

Like a river  
You flood  
My soul with love  
Overflowing into joy  
Like a downpour  
Your spirit raining down  
Let it fall let it fall

I'm living for the king  
I'm living for the king
