Hillsong United

Your life
Your life
Your life
In mine

Your thoughts
Your ways
Your mystery
Too deep for words
My spirit burns to worship You

Your life
Your life
Your life
In mine!

Your heart
Your plans
Your will for me
There's nothing else my soul desires
Than more of You

Your life
Your life
Your life
In mine!

Take my heart, take my soul
Take my mind and I will
Give my thoughts, give my all
Give my life to follow You
Take my hands, take my breath
Take my dreams and I will
Lift my eyes, lift my faith
Lift my voice and worship You

Take my heart, take my soul
Take my mind and I will
Give my thoughts, give my all
Give my life to follow You
Take my hands, take my breath
Take my dreams and I will
Lift my eyes, lift my faith
Lift my voice and worship You

My God, my closest friend
I need Your love more than my lungs
Need oxygen

Take my heart, take my soul
Take my mind and I will
Give my thoughts, give my all
Give my life to follow You
Take my hands, take my breath
Take my dreams and I will
Lift my eyes, lift my faith
Lift my voice and worship You
