

Shape of Your Heart

Hillsong United

There's a light hanging over me
There's a beam running way down
Turning sorrow to extacy
As the dust comes to life
See the shape of your heart
Where the margins collide
There's a life hanging over me, over me
Where your love crossed the lines

You run deep like the wildest heavens
You run deep like the wild in me

There's a love hanging over me
There's a beam running way out
In the shadow of mystery, where my soul comes alive
See the shape of your heart, where the margins collide
There a life hanging over me, over me
Where your love crossed the lines

You run deep like the wildest heavens
You run deep like the wild in me
You run wide like the four horizons
You run wide enough to cover me

How I love you Jesus
(I will worship you, I will worship you Jesus)

See the shape of your heart, where the margins collide
There a life hanging over me, over me
Where your love crossed the lines

You run deep like the wildest heavens
You run deep like the wild in me
You run wide like the four horizons
You run wide enough to cover me

There's a cross hanging over me
There's a fire burning inside out
As the word comes to life in me
In the shape of your heart
