

## Join Me In Death

HIM

We are so young, our lives have just begun  
But already we are considering escape from this world  
And we've waited for so long, for this moment to  
come  
We're so anxious to be together, together in death...

Would you die tonight for love? (baby, join me in death)  
Would you die?(baby join me in death  
Would you die tonight forlove? (baby join me in death)

This world is a cruel place and we're here only to lose  
So before life tears us apart let death bless me with you...

Would you die tonight for love? (baby, join me in death)  
Would you die? (baby join me in death)  
Would you die tonight for love? (baby join me in death)  
Would you die? (baby join me in death)  
Join me in death

This life ain't worth living...  
(Join me)

Would you die tonight for love? (baby, join me in death)  
So would you die? (baby join me in death)  
Would you die tonight for love? (baby join me in death)  
You can join me in death...
