

Shatter Me With Hope

HIM

The girl who cried at love, won't you come and play with me?
You can be Cassandra, underneath the sword of Damocles
We'll tear this baby apart wise like Solomon
Run, come shatter me now
Shatter me with hope
Crawl, come breathe me in, bleed out sorrow
Scream me a dream, untouched by shadows
Baby, shatter me now, shatter me now
Shatter me with hope

She'll be the witness to the repose of Evelyn
Push the needle in
To the of canticles of ecstasy
Turn to page 43
And you'll know how I feel

Run, come shatter me now, shatter me with hope
Crawl, come breathe me in, bleed out all sorrow
Scream me a dream, untouched by shadows
Baby, shatter me now, shatter me now
shatter me with hope

Swear on your heart's grave, I'm wrong
and love like your life's depending on it
(because it is!)

We'll tear this baby apart, wise like Solomon
Turn to page forty three, and you'll know how I feel

Run, come shatter me now, shatter me with hope
Crawl, come breathe me in
Bleed out all sorrow
Scream me dream, untouched by shadows
Baby, shatter me now, shatter me now
shatter me with hope
Shatter me now, shatter me now, shatter me now
Oh, oh-u, ooh
Shatter me now, shatter me now, shatter me now
Oh, oh-u, ooh, Oh, oh-u, ooh
Scream me a dream.....!
(Shatter me now, shatter me now, shatter me now)
Scream me a dream.....!
(Shatter me now, shatter me now, shatter me now)
