

You'll never haul the heat to the bite of the grind, to emulate  
Disgression has left this hard to swallow  
Sour notes of dissolution, played off as dissoance  
To make believe its attaraction  
Appearance is violation, scare tactics an all time low  
As an art of seduction is extolled  
Incinerate the harvest - infernal - burn them out  
The sleaze will hide behind evils device

Insensitive conviction that seeks shelter in parody  
Harlot lips will stick with exaggeration  
Social armor but a reason to lie, calling loud for the  
Crutch of acceptance just to make the soundtrack more inviting  
No more empathy (fire away)  
Alter moral crux uncover the real decadence (censor resistance)  
Domination  
Disregard the purchase of faith but don't dare to be defiant  
Disregard the solicitation that reinvents contempt
