

# Bliss (I Don't Wanna Know)

Hinder

(I don't wanna know)  
(I don't wanna know)  
(I don't wanna know)  
I'll go ahead and pour myself a drink  
I really couldn't care less what you think  
Well I don't have to listen now  
Live this day down  
If I can't feel a thing  
You might as well save your goodbyes  
We can give this train wreck one last ride  
I'm gonna have to listen now  
Live this day down  
If I don't make things right  
I'll tell you one last time

I don't wanna know it's over  
So save your goodbye kiss  
I don't wanna know it's over  
Cause ignorance is bliss  
I can hardly see  
What's in front of me  
Cause the vodka's running on empty  
I can't stay sober  
If it's over  
(I don't wanna know)  
(I don't wanna know)  
(I don't wanna know)  
So save your goodbye kiss  
(I don't wanna know)  
(I don't wanna know)  
(I don't wanna know)

I woke up with my heartbeat in my head  
I reached for the bottle by the bed  
I saw your side was not slept in  
Cold sheets again  
Remind me of what you said  
We need to take a break for a while  
It's been so long since I smiled  
I don't wanna listen now  
Live this day down  
With you so drunk and high  
So I'll say goodbye

I don't wanna know it's over  
So save your goodbye kiss  
I don't want to know it's over  
Cause ignorance is bliss  
I can hardly see  
What's in front of me  
Cause the vodka's running on empty  
I can't stay sober  
If it's over

I don't wanna know it's over  
So save your goodbye kiss  
I don't wanna know it's over

Cause ignorance is bliss  
Now I know I can't stay sober  
Cause you left me here like this  
I don't wanna know  
(I don't wanna know)  
(I don't wanna know)  
(I don't wanna know)  
So save your goodbye kiss  
(I don't wanna know)  
(I don't wanna know)  
(I don't wanna know)  
Cause ignorance is bliss  
I can hardly see  
What's in front of me  
Cause the vodka's running on empty  
I can't stay sober  
If it's over  
If it's over  
I don't wanna know  
If it's over  
If it's over  
If it's over  
I don't wanna know
