

Just For Me

Hinoi Team

So kiss me, oh please, just for me.
Give your tenderness only to me.
So kiss me always, just for me.
Let me have a dream of you,
JUST FOR ME.

I want to make my heart throb anytime.
I wish to live such a way everyday.

Although I'm afraid of becoming an adult,
I cannot stay to be a child.

So kiss me now at once, just for me.
Because the words aren't enough for me.
So kiss me, let me know, just for me.
Don't turn your eyes from me,
JUST FOR ME.

Sometimes I lose sight of me.
This is the too complicated world.

After it rains, it will be fine someday.
I want to believe so in my heart.

So kiss me, oh please, just for me.
I wish all of you would be only for me.
So kiss me always, just for me.
Don't detach this hand from you,
JUST FOR ME.

So kiss me now at once, just for me.
Because the words aren't enough for me.
So kiss me, let me know, just for me.
Don't turn your eyes from me,
JUST FOR ME.
