

## You Say

Hint

I really loved you, I really loved you  
You say I don't care, but I do, really love you  
This I swear on my dying breath, a love is never fair inless it  
's true

I still need you, yes I need you  
You know it's such a drag, but I do, really need you  
Let's do something new, "just act your age," there's nothing le  
ft to do

You say I don't care about you  
You say....

I really loved you, yes I still love you  
This I swear on my dying breath, a love is never fair unless it  
's true

I really loved you, you know I still do!
