

Broken Neck

Hirax

GO!!

The speed is too fast, the G's are too strong
Nobody could withstand the force,
Dead on impact, never felt a thing
Crushed like a roach on the floor,
Nobody is safe upon collision
Big money hides the truth from us all
Unsafe with no testing, rigged up to breakdown
Blood on their hands, they will fall!!!
BROKEN NECK, Concrete and steel
Corporations make money from the dead.
Millions of bodies, people die every year.
Neglect they don't care, it's a sham
