

# Criminal Punishment

Hirax

If you take another life  
You should die a bloody death  
Rape a woman sick freak  
Life in prison ain't enough

Now you'll pay for what you've done  
We'll strap you to the electric chair  
Pull the switch and you will fry  
No remorse now you die

Criminal punishment

If you kill it's an eye for an eye  
Brutal attack fight back  
To survive you will fight till the death

Child molested-demented mind  
Insane a violent crime  
Treat them to make them well  
Let them out they kill again
