

# It's All The Rage

## Hit the Lights

We are, we are, we are  
Exactly what you want to be  
Where you've been and what you've done mean nothing

You said you wanted out,  
But now you wanna go  
You said you had a doubt,  
But now you think you know  
You are, you are, you are  
About getting low

You said you wanted out,  
But now you wanna go  
You said you had a doubt,  
But now you think you know  
You are, you are, you are  
About getting low

You're dying for anything brand new  
Hate feeling cheap,  
But you love being used  
You want out, but you take the abuse  
'Cause it's all you know

We are, we are, we are  
Exactly what you want to be  
Where you've been and what you've done mean nothing

Tear the nails from your finger tips  
And smear the blood across your lips  
'Cause it's all the rage  
With all the kids back home

While we wrap our blood around our wrists  
Decorate the walls with our fists  
Live life like it's hit or miss whoa

You're dying for anything brand new  
Hate feeling cheap,  
But you love being used  
You want out, but you take the abuse  
'Cause it's all you know

You're dying for anything brand new  
Hate feeling cheap,  
But you love being used  
You want out, but you take the abuse  
'Cause it's all you know

We are, we are, we are  
Exactly what you want to be  
Where you've been and what you've done mean nothing

(We are!)

Exactly what you want to be  
Where you've been and what you've done mean nothing

You said you wanted out,  
But now you wanna go  
You said you had a doubt,  
But now you think you know  
You are, you are, you are  
About getting low

You're dying for anything brand new  
Hate feeling cheap,  
But you love being used  
You want out, but you take the abuse  
'Cause it's all you know

We are, we are, we are  
Exactly what you want to be  
Where you've been and what you've done mean nothing

(We are!)

Exactly what you want to be  
Where you've been and what you've done mean nothing  
Where you've been and what you've done mean nothing  
Where you've been and what you've done mean nothing  
To me
