

## The leader in generic punk brands

Hit The Switch

Another punk ass poser band,

Writing half ass jams with such vague insight,

Rebellion stained with bullshit!

Man these makeshift lyrics are fuckin worthless.

Cause the words and phrases don't carry weight without convictions behind them,

So don't sing to me if you don't mean it.

I can't believe you'd front the genre like this,

One million records sold one million dumb fucks take a piss,

And you get off it!

Well here's your fuckin three chord commercial appeal!
