

Put The Game Down

Hockey

Noo

I won't turn away

I won't turn away

She only takes it all away

And no, I won't turn away

I won't turn away

Only for a few more days

Ohh cuz I

I still dont know how your game goes,

And I'm almost out the door

So, Baby put the game down

I'm gonna be a man, allright

I suggest you put the game down

Gonna work it out tonight

Tonight, You know you got to give it up

Yeah

The masquerade styles got no place

My future is the gold/ghost that I've got for being (my faith ?)

Oooh

Cheers

I'm gonna doing my old fears

Hanging on to the edge of the formal years

Have I ever met you, no?

The stars, they gonna shine and shine

The music goes and goes

All night

But have you ever met me, no?

Oh cuz I, I still dont know how your game goes

And I'm almost out the door

So, baby put the game down

I'm gonna be a man, allright

Just put the game down

Gonna work it out, out, tonight

Tonight, you know you got to give it up

The masquerade styles got no place

My future is the gold/ghost that I've got for being (my faith ?)

Oooh

Yeah

Why don't you try, believing me harder

Let's make a click

You'll remember all your fears and doubts ,

Oh oh yeah

So even tough...(?)

Easy to mess like a

Song catching something on a,

First you was ...(?) I was there to kiss

Have I ever met you, no?

I'm allmost done with

Any feeling was

Nothing hurt an artist like,

Wasting time, ooh, anyone at all

So why would you..(?)

Oh cuz I, I still dont know how your game goes
And I'm almost out the door
Baby put the game down
I'm gonna be a man, allright
Baby put the game down, yeah
Gonna work it out, tonight
Baby put the game down
