

# Speed Racer

Hodgy Beats

[Intro:]

Don't sniff cocaine, it's bad for you  
Don't smoke weed, it's bad for you  
Don't drink liquor, it's bad for you  
Don't eat food, it's bad for you  
Don't like money, it's bad for you  
Yeah, HB comin' from Odd Future

[Verse 1:]

I swallow my pride, blueberry flavor  
The kid spits next door sort off like a neighbor  
Spaceship crash on America like a creator  
Died and came back like I'm a holy savior  
Holy molly racer, Daytons on a scrapper  
I clog mothafuckas, nigga who scrapped her  
Raped her (I don't know) R. Kelly taped her  
Niggas want fades, I'm a give your ass a taper  
I put that on Rodney and my bubba shawty  
Carrying a shotty, cutting up Bobby  
I'm cutting up probably, cutting up bodies  
Chopped and screwed everybody  
Bitch I'm Hitler with every Nazi  
Aiming at your face like we're paparazzi  
Down comes confetti, intestines, spaghetti  
On your mark set, but you niggas ain't ready

[Hook:]

Ready, set, go, race car

[Verse 2:]

Speeding, I'm a heathen in the hour of the evening  
Odd Future tight nigga can't be even  
What's cracking, what's creasing, Crisco greasing  
Chuck E Cheeing, why your girl got a frown on  
Paint her face clown on  
Pump up the volume, make sure the sound's on  
To investigate I'm like a hound dog  
Dog hound, there's a dog found, put 'em in the dog  
pound  
Throw 'em in a cage watch the nigga bark now  
Chomping on an over sized bone  
Meet my impostor, over sized clone  
Thoughts race in my mind, over sized dome  
But I'm focused driving a Ford Focus  
Hustling harder 'til I'm racing in a Lotus  
Know this, but one time he blew a nigga head off  
Jumped in this race car (What happened?) he sped off

[Hook]
