

Don't Forget

Hoku

When you go away I'll be lonely
'Cause I've lived each day for you only
Don't forget
Remember our promise
Don't forget
Remember my love
I'll wait across the sea
In hopes someday that we will again be one
After you have gone
I'll never say goodbye
My love will never die
Oh no

In the crowning air of that morning
I'll be waiting there at the dawning
Don't forget
Remember our promise
Don't forget
Remember my love
If one and one are two
I know I'll be with you
Till eternity
Darling can't you see
Until we meet again
My vow will never end
I'll see you there in paradise

If one and one are two
I know I'll be with you
Through eternity
Darling can't you see
Until we meet again
My vow will never end
I'll see you there in paradise
Paradise
