

# Just Enough

Hoku

It was nearly nine o'clock when I thought about you  
Are you with someone else  
It was almost ten o'clock when I thought I'd do something to free myself  
And then about twelve o'clock  
I'm driving down your block  
I see a light shining underneath your door  
I'm home about one o'clock  
And you finally call me up  
And I guess I was hoping for just a little more  
You give me  
Just enough to keep me hanging on  
Till I'm ready to move on  
And then you find a way to make your play  
And then I stay  
Just enough to give me hope  
That you will fall in love with me  
Just enough  
Just enough baby  
Will you come and see me today  
Well I don't know  
It's part of the mystery  
Will you come tell me you love me or let me go  
I guess we'll have to see  
You're unpredictable  
And that keeps me interested  
But I'd rather have you right here instead  
You give me  
Just enough to keep me hanging on  
Till I'm ready to move on  
And then you find a way to make your play  
And then I stay  
Just enough to give me hope  
That you will fall in love with me  
Just enough  
Just enough baby  
Oh, oh?  
You give me  
Just enough to keep me hanging on  
Till I'm ready to move on  
And then you find a way to make your play  
And then I stay  
Just enough to give me hope  
That you will fall in love with me  
Just enough  
Just enough baby  
Oh, oh  
I've been thinking in the back of my mind  
I'm losing sleep  
I'm losing time  
But I just keep on falling  
I'm falling  
I'm falling  
Oh, oh  
It gets harder to define  
In my heart and in my mind  
I know  
I know I should let you go

Just enough to keep me hanging on  
Till I'm ready to move on  
And then you find a way to make your play  
And then I stay  
Just enough to give me hope  
That you will fall in love with me  
Just enough  
Just enough baby
